SUBJECT: Amendment # 22, to amend the FY 2009-2013 Statewide Transportation Improvement Program (STIP).

Dear Mr. Hartman and Mr. Krochalis:

October Idaho Transportation Board Meeting

The Board approved amending the FY2009-2013 STIP to include increasing funds for the following project. The sponsor would like to begin development as soon as possible.

Key No.	Project Description Route	Work Type Cost	Fiscal Year
11495	Cheney Dr; Washington St. to N College Rd., College of Southern Idaho (New road connecting north campus with Washington St. in Twin Falls) CONGRESSIONAL EARMARK	New construction \$470,000 Obligated in FY2009. This amendment will add the \$730,000 remaining Congressional earmarks (from Section 112 of the FY2006 Appropriations Act and Section 129 of the FY2008 Appropriations Act) + \$1.7M in local funds)	FY2012

This project is not within a metropolitan planning organization area and does not need to be added to an appropriate Transportation Improvement Program (TIP).

No further public involvement is required nor is there any air quality conformity required. The Idaho Transportation Department certifies that the above project action was in accordance with all applicable requirements as described in Section 450.218 of the Statewide Planning Regulations, dated February 14, 2007. The STIP continues to be consistent with the Statewide Transportation Plan as approved by the Idaho Transportation Board in July 2004 and remains fiscally constrained.

Sincerely,

MATTHEW E. "Matt" MOORE, M.A.
Transportation Planning Administrator
